

## Collapsible Containers

Optimize storage, streamline material handling and boost logistical efficiency with Monoflo's innovative injection-molded collapsible containers. Our containers are engineered for strength and feature a high knock-down ratio of up to 5:1, significantly saving space on inbound freight and return logistics. Compatible with our AIAG pallet systems, and with optional features like access doors, ergonomic handles and advanced tracking, manufacturers can tailor each solution to optimize efficiency and meet unique supply chain challenges.
