

Straight-Wall Containers

Engineered for superior performance, our straight-wall containers deliver unmatched precision and durability for demanding supply chains. We manufacture these containers with the industry's straightest walls, maximizing cube efficiency and ensuring a perfect fit for dunnage and easy handling in automotive and durable goods applications. Compatible with the 48 in x 45 in. AIAG pallet system, each high-pressure injection-molded container is built for long-term efficiency. And with customizable options like hot stamps, tracking features and lids on some models, we can meet your unique application challenges.
